

Commitment

This is Julie, one of our fantastic tenant voice group members. Julie says: "I want to see more tenants putting their voice at the heart of what Progress do. Influencing and driving decisions that make a positive difference to tenants' lives."

The first committee meeting will take place in Autumn 2024.

You will need to attend four meetings, which take place every three months over one year.

Each meeting will last around two hours.

You may also need to be available for additional meetings where we support you to develop your skills.

Financial contribution to attend

We can help with reasonable expenses for you to attend, plus those of an advocate or support worker if you would like them to come with you.

We will also offer you an optional payment of up to £2,200 per year for your commitment (subject to tax and National Insurance).

For independent and impartial advice about the expenses provided as part of this opportunity and to check that any entitlement to benefits is unaffected, please get in touch with your Tenancy Sustainability Team or the Citizens Advice Bureau.
